**Subject:** Re: Morrow tower crane safety inspection training

Mr. Berlin

Slawomir Wolanin and Myself attended in our official capacity as Construction Equipment Inspectors and returned from Morrow Tower Crane Safety and Inspection training in Salem, OR.

Morrow Equipment waived the \$1495.00 fee for this 3 day class for both of us with lodging. "The Tower Crane Safety & Inspection" class given by Morrow Equipment on January 13,14,15 2020, in Salem, Oregon. We lodged in Portland for 1 night at a cost that we incurred, we stayed at Hampton Inn at 354 NW 9th ave Portland , OR 97209.

We paid our own airfare, food and transportation. We had 1 night of lodging out of our own pocket and can provide documentation if needed.

We had just had shared all the information we have received with the other Construction Equipment Inspectors, to familiarize them with the updated versions of a rapidly changing industry.

Thank you for this opportunity, it will be something we share with future generations to provide safety to our beloved city.
